Professional Summary

Detail-oriented Technical Services Professional with 2+ years of experience in back-end support, IT troubleshooting, and client service. Expertise includes managing
end-to-end ticketing systems, ensuring transaction integrity through reprocessing, and maintaining system continuity. Driven by a passion for programming and focused on applying technical insights to optimize support processes and contribute to development goals. Proven collaborator with strong problem-solving and communication skills.

Experience:

IT SERVICEDESK

November 27 2025 - present
TCS - Cargill IT Service Desk: Core Responsibilities

🛠️ **Technical Support & Resolution**

- Troubleshooting: Resolving hardware, software, and connectivity issues (VPN, Wi-Fi, Ethernet) to minimize downtime.
- System Maintenance: Managing Windows Updates, clearing cache/logs, and resolving Microsoft 365 app glitches.
- Data Security: Handling BitLocker recovery and encryption to ensure global device compliance and data safety.

🔐 **Identity & Access Management (IAM)**

- Credential Support: Performing secure password resets for Active Directory and enterprise accounts.
- SAP Administration: Managing critical access (reset/enable/disable) for SAP to keep supply chain and finance operations moving.
- Authentication: Verifying user identities to protect Cargill's digital perimeter.

📁 **Service Coordination & Routing**

- Request Fulfillment: Processing client requests for new hardware, software licenses, and equipment via the service catalog.
- Strategic Routing: Acting as the Single Point of Contact (SPOC) by escalating complex issues to Tier 2, Tier 3, or specialized Infrastructure teams.

Technical Support Associate (TSA)

ETAP Inc. • Manila, Philippines
09/2024 – 11/10/25

Provide backend technical support using Freshdesk and Proto Ticketing System to resolve escalated client issues.
Handle reprocessing of transactions to ensure accuracy and business continuity.
Collaborate closely with the Software Development Team to troubleshoot, diagnose, and resolve system-related problems and bugs.
Maintain detailed case documentation to support knowledge sharing and faster resolutions.

Key Skills: Backend support, Ticketing tools, Transaction reprocessing, Client communication

IT Support Engineer – Level 1

Bladegrass / Concentrix San Lazaro • Manila, Philippines
09/2023 – 06/2024

First point of contact for IT-related issues, providing support in a BPO environment.
Diagnose and resolve hardware, software, and networking problems with minimal downtime.
Utilize remote support tools and maintain detailed records for efficient issue resolution.
Ensure system integrity by enforcing quality assurance standards.
Key Skills: Troubleshooting, Remote IT Support, Active Directory, Help Desk, Customer Service

Technical support L1

247ai
Sep 2022 - feb 2023

First-Line Resolution: Acted as the primary point of contact for users experiencing technical issues, providing prompt and effective L1 support for software, hardware, and system inquiries.

Access Management & Security: Managed user authentication processes, including verifying Multi-Factor Authentication (MFA) registration status and executing secure password resets using designated system procedures and terminal commands (such as DLTERM).

User Empowerment: Consistently guided clients toward self-service resolution routes as a first step, improving overall efficiency before stepping in with manual system overrides or temporary passwords.

Issue Triage & Escalation: Accurately diagnosed technical problems, resolving foundational issues on the spot and seamlessly escalating more complex challenges to L2 or specialized support teams.

Ticket Documentation: Maintained detailed and accurate logs of all user interactions, troubleshooting steps taken, and final resolutions within the company's ticketing system using standardized subject formatting.

Education: Bachelor of science in iformation technology (BSIT), Major in Programming The National Teacher's College • Manila, Philippines

Graduated: 06/2019 - 08/2023
